

2024 Prophecies

NIGERIA:

1. Everything God is saying centres round one simple sentence:

THE WIND IS BLOWING!

2. Things will get worse before it gets better.
3. Because the wind is blowing, some serious secrets will come to the open.
4. Don't lose hope, because the wind is blowing means sooner or later things will get better.

INDIVIDUAL:

1. Because the wind is blowing, there are some people who will start this year as nothing/nobody but before the end of the year they will become significant.
2. There will be many opportunities this year, so get ready to grab them.

INTERNATIONAL:

1. Because the wind is blowing, there will be divine interventions in those places in the world where things are hot.
2. There will be quite a few medical breakthroughs, particularly in the area of incurable sicknesses like asthma, cancer, hypertension etc.
